

Virginia VFD Rebate Worksheet

TAKE CHARGE™

Before you start

Instructions: Complete all relevant information for your project. Include this worksheet with your application.

To qualify for a rebate, VFD projects must be:

- A new VFD installed on new or existing equipment, but cannot be a replacement VFD.
- Mounted on chilled or hot water systems replacing a primary pump in a single or duplex configuration. Secondary or back-up configurations do not qualify.
- Limited to motors of 200 HP or less
- Pre-inspected by program staff for any application over 100 HP (on one or multiple motors).
- Submitted prior to the beginning of installation and pre-approved.

Submit your application

The following documents must accompany the VFD worksheet in a complete application:

- Equipment spec sheet
- Itemized invoice showing model number
- Rebate application
- Completed VFD rebate worksheet (this form)
- W9 for payee
- Copy of latest utility bill
