Technician Name	Date of Service Completion
-----------------	----------------------------

Company _____

Address	City	State	ZIP Code
---------	------	-------	----------

Contractor Phone Number	Email Address
-------------------------	---------------

I certify that a Home Performance Assessment has been completed, including the installation of qualifying measures as recorded.

Technician Signature: _____

1. Service must be performed between January 1, 2016 - December 31, 2016.
2. Only measures performed at the time of the Home Performance Assessment will be eligible for a Home Performance Assessment rebate.
3. Customer is eligible for one Home Performance Assessment per location every three years.
4. Work must be completed by a participating contractor in APCo's Contractor Trade Ally Network. This contractor must be a member in good standing of the Contractor Network at the time of completion of work in order for the customer to qualify for a rebate.
5. This Program is open to APCo residential customers living in existing single-family detached residences or single-family attached residences (townhomes). The customer must be on a residential rate schedule. Customers must be responsible for the electric bill and either own the home or be able to secure permission from the owner to perform the repairs or improvements recommended. Apartments (high rise or garden) and condos are not eligible for the Home Performance Assessment Program. Gas/propane/oil/etc., appliances are not eligible for measures in this program. Customers who do not have all-electric homes are eligible for some measures as indicated on the measure chart.
6. Service must be completed in accordance with all laws, codes and other requirements applicable under federal, state and local authority.
7. I understand that APCo may contact me via survey or questionnaire to provide feedback on my satisfaction with the program.
8. Dated sales receipt must match date of service listed on rebate application form.
9. Rebate payments are based on the date of service. Customers must abide by the rules and rebate levels in effect on the date of service.
10. Program procedures, requirements and rebate levels are subject to change or cancellation without notice and are subject to program funds being available and regulatory approval.
11. APCo and/or its designees including program administrators and evaluation contractors reserve the right to review installations to verify completion and measure energy savings to ensure compliance with all program requirements. Such reviews will be made at a time convenient to the applicant. Denial of such verification or misrepresentation of installation location or measure eligibility may result in forfeiture of the rebate.
12. Payment will be issued to the account holder and mailing address on record with the utility unless the customer has authorized payment be made to the contractor specified in this document.
13. Rebate application must be submitted within 45 days of the service date. The contractor submits the rebate application for the Home Performance program. It is the responsibility of the customer to assure that all requirements for the rebate are met. Failure to provide any of the required information will delay processing of application and could result in non-payment. Please allow up to 60 days from the date all required information is received to process your rebate.
14. You are urged to seek appropriate consultation concerning any tax liabilities that could be associated with the receipt of the rebate.
15. APCo, its parents, subsidiaries, employees, affiliates and agents assume no responsibility for the performance of the equipment or equipment warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of the participating contractor.
16. The customer hereby agrees to indemnify, defend and hold harmless APCo, its parents, subsidiaries, employees, affiliates and agents from any and all liability associated with this project.
17. APCo retains all rights to energy and demand savings resulting from measures installed under this Program. APCo has the exclusive right to enroll, nominate, or offer a bid for energy or demand reductions resulting from measures installed under this Program into load management programs, demand response programs, or auctions operated by PJM Interconnection, L.L.C. ("PJM"), the regional electric transmission entity of APCo is a member. APCo may share pertinent information of participating customers with PJM and with APCo's agents and contractors.

By signing this application, I agree to the above terms and conditions. I authorize APCo to release pertinent electrical usage information through Honeywell Smart Grid Solutions as their implementation contractor to the participating contractor listed above. I certify that I am the APCo customer and owner or lessee of the residence described above. that a Home Performance Assessment has been completed, including the installation of qualifying measures as recorded.
